PRESIDENT'S MESSAGE

Our November dinner meeting with Rear Admiral Poulin proved to be most interesting. Serving as the U.S. Southern Command's (Southcom) Director of Operations, Admiral Poulin presented an overview of the mission and influence in South America, Central America and the Caribbean. He also spoke about the humanitarian influence that our hospital ship, USNS Comfort, provides with a full range of medical services to the countries in the area. After his presentation, Admiral Poulin answered many questions from those attending.

Prior to the dinner, we had the election of Council officers for 2020. The vote was presented, and the following officers were elected: Larry Ott, President; Tom Melville, 1st Vice President; Bruce Gottsch, 2nd Vice President, Bob Marks, Vice President of Legislative Affairs; Tom Carney, Treasurer; and Shelley Beck, Secretary.

Speaking of Legislative Affairs, Navy League members from across the country participated in the national "Fly In" in Washington DC. The mission and concerns of the Navy League were presented to Members of Congress and/or their staff members and they were thanked for the support they have already provided.

I was pleased to welcome two of our new members at the meeting: Richard Fournier and Rick Braswell. By the way, Rick Braswell is a Coast Guard Auxiliary chaplain and will now serve our council as chaplain. Furthermore, I was also glad to present one of the plaques from the National Convention this summer to Wayne McLaren. This presentation was a Mackie Award in recognition of our website that Wayne designed and maintains. Thanks Wayne for your devotion to our website.

Coming up on Friday, December 13th our council in partnership with the Fort Lauderdale Council and Broward Navy Days will host the annual Holiday Party for the local Coast Guard units. Last year this was held at McSorley's on Lauderdale Beach and it will be held there again this year. This is just a relaxing fun time to spend with those who serve in the local Coast Guard units.

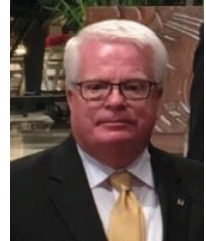

On Wednesday, December 18, our Council will join with the Fort Lauderdale Council for their holiday dinner meeting at Coral Ridge Yacht Club. This event will include a Toys for Tots drive so bring a new unwrapped toy for a child.

Hope everyone stays well and safe during this holiday season.

Don't forget December 13th and 18th.

IN MEMORIAM

In loving memory of
Nancy Lindberg
May 17, 1950 - November 21, 2019

On November 20, long-time Navy League member and Council board member Nancy Lindberg passed away after a long struggle with multiple sclerosis. Nancy was a very active member of our Council since the 1990s. Even as her health started to decline, she still made every effort to attend Board meetings and Council events. She will be missed by her many Navy League friends. Our condolences go out to Nancy's family.

The following message and photo were provided by Beverly Childs, Nancy's sister.

This past year has been especially difficult for Nancy, battling numerous illnesses, infections, and countless trips to doctors and the hospital.

Nancy was born in McKeesport PA. She was a teacher with the School Board of Broward County for 35 years. But it was the Navy League that she loved. It was an important part of Nancy's life. She was honored to be on the Board and was happy to serve in whatever capacity that she was able.

A memorial service was held in her honor on Sunday, November 24th at T. M. Ralph Funeral Home in Plantation. Burial was in McKeesport PA. In lieu of flowers, donations can be made to MS Views and News at www.donations/MSViewsandNews.org.

DECEMBER EVENTS

The memorial also remembers the 95 service members who died while training at NAS Fort Lauderdale between 1942 and 1946 and the heroes of WWII. The Naval Air Station Museum is located at 4000 West Perimeter Road in Fort Lauderdale. The public is invited to attend.

The annual Pearl Harbor Remembrance will be held on December 8 at 2PM at Coast Guard Station Fort Lauderdale. Captain Jo-Ann Burdian, Commander, Coast Guard Sector Miami will be the guest speaker. SHIP VISIT

Council Treasurer Tom Carney had the opportunity to share his love of golf with members of the crew from the RFA MOUNTS BAY. The ship was pre-deployed by the British Government to help in the event of a hurricane, especially for British Territories. They were the first ones into Hurricane Dorian. They used the golf course on Treasure Cay as a helicopter base to rescue and resupply the initial rescue effort. They landed heavy machinery, lots of chainsaw crews and back-hoes to clear roads. Treasure Cay is a parcel of land connected to Great Abaco Island in the Bahamas.

In early September, one foursome and one threesome played golf at Jacaranda golf course in Plantation. Photo provided by Tom shows him with Mohan Thapa and Matt Needham, both members of 24th Command Royal Engineers, British Army.

Tom also provided the photo taken near the ship which shows Tom, Tom Booth, Mohan Thapa and Lee Holborn. Booth and Holborn are Royal Navy.

NOVEMBER DINNER SOCIAL

The Council held its dinner social on November 14 at Tropical Acres Restaurant. Guest speaker Rear Admiral Steve Poulin, Director of Operations at U.S. Southern Command (SOUTHCOM). HOLIDAY TOY DRIVE

Past President Glenn Wiltshire has again volunteered to participate in Operation Homefront's holiday toy drive. This year, toys were donated by Dollar Tree Store customers from November 1 through December 5. Glenn picks up these small toys/holiday stocking stuffers from several local Dollar Tree Stores and distributes them to many local Navy and Coast Guard units. Operation Homefront is a 501(c)(3) nonprofit organization that provides emergency financial and other assistance to the families of our service members and wounded warriors. Their holiday toy drive is just one of their many programs. Thanks for all your efforts Glenn!

LEGISLATIVE AFFAIRS

Your Navy League membership is important for many reasons, one is your ability to educate our Congressional leaders on issues important to our Sea Services. The Navy League advocates on behalf of the sea services both in our communities and on Capitol Hill. Through our biennial Fly In event in Washington, D.C., our members get in-person time with their representatives. This year, on November 14, 87 Navy League members were able to visit with 265 members of Congress and/or their staff members. During the year, Navy Leaguers meet with their representatives in their home district. Our Council's Vice President of Legislative Affairs is Bob Marks who has already developed a relationship with Congressman Ted Deutch and Congresswoman Lois Frankel. The Council has also been assigned to contact Congressman Alcee Hastings and a meeting with him will take place sometime in 2020.

The best and easiest way for your voice to be heard is through the Navy League Voice to Congress feature. You can find current sea service issues on the Voice to Congress Navy League website (<https://www.votervoicenet.com/NavyLeague/Home>). You can read about each issue, its solution and why your help is needed. Once you enter your home address, the rest is easy. The correct political leaders for your district will appear as will a message, ready to be sent (you can modify it if you wish). You can also register to get notified when a new sea service issue needing your help is added.

SEA SERVICE NEWS

The first female Marine has passed the Basic Reconnaissance Course (BRC) and earned the 0321 reconnaissance Marine military occupational specialty, or MOS, the Marine Corps has

confirmed. Lance Cpl. Alexa Barth graduated from the grueling 12-week course Nov. 7, 1st Lt. Sam Stephenson, Marine Corps spokesman, confirmed to Marine Corps Times Thursday. Barth still has a few more training schools to go through before joining her unit at 1st Recon Battalion at Camp Pendleton, California, said Maj. Kendra Motz, spokeswoman for 1st Marine Division. Barth is expected to arrive at her unit late spring 2020. The BRC provides Marines "with the basic knowledge of reconnaissance doctrine, concepts, and techniques with emphasis on amphibious entry, extraction, beach reconnaissance, Combat Rubber Reconnaissance Craft (CRR) operator skills and ground reconnaissance patrolling skills," according to a slide attached to the Reconnaissance Training Company website. (story and photo from Marine Corps Times)

The USS Bataan completed a live-fire exercise of its Rolling Airframe Missile (RAM) and NATO Sea Sparrow Missile against drone targets while underway Nov. 7, 2019. The ship,

part of the Bataan Amphibious Ready Group (ARG), was underway conducting a Composite Training Unit Exercise (COMPTUEX) with the 26th Marine Expeditionary Unit (MEU). COMPTUEX is an intensive, month-long exercise designed to fully integrate a carrier strike group or ARG-MEU as a cohesive, multi-mission fighting force. It thoroughly tests the abilities of the Sailors and Marines assigned to the ARG and MEU to carry out sustained combat operations from the sea. During the live-fire exercise, the ship detected, tracked and conducted engagements using its RAM and NATO Sea Sparrow Missile against targets in order to validate the capabilities of the ship's weapons systems as well as demonstrate warfighting readiness with the watchstanders on board.
